14-894, Gobi main road Kallankattupalayam Nambiyur -638458

CAREER OBJECTIVE

Hardworking AI Engineering student with strong skills in machine learning, data analysis, and programming. Committed to developing innovative AI solutions and contributing effectively to cutting-edge projects while continuously enhancing expertise in the field.

EDUCATIONAL QUALIFICATION

Bachelor of Technology in Artificial Intelligence and Data Science in Kongu Engineering College

Higher Secondary in Saratha Matriculation Higher Secondary School, Gobichettipalayam 2021-2023

SSLC in Saratha Matriculation Higher Secondary School, Gobichettipalayam

---

SKILLS

Projects
Weather Prediction Using Machine Learning
- Description: Developed a machine learning model to predict weather conditions based on historical data.
- Technologies Used: Python, Scikit-learn, Pandas, NumPy, Matplotlib
- Skills Demonstrated: Data preprocessing, feature engineering, model training & evaluation, time series analysis
- Key Achievements: Improved prediction accuracy using multiple regression models and fine-tuned hyperparameters for optimal performance

SOFT SKILLS

Problem-Solving, Critical Thinking, Adaptability, Collaboration, Communication, Time Management

---

CERTIFICATIONS & TRAINING

In-Plant Training on Cloud Computing

- Organization: Red Code Technology
- Duration: 10 Days
- Key Learnings: Fundamentals of cloud computing, deployment models, virtualization, and cloud-based services.

PERSONAL PROFILE

Name: Dhinesh R
Date of Birth: 09/06/2006
Father's Name: Ravichandran M S
Mother's Name: Gomathi R
Hobbies: Reading Books

LANGUAGE KNOWN

English (Fluent)
Tamil (Native)
